Policy: Annual Governance Statement of Internal Control and Review the Effectiveness of Internal Audit for the Year Ending 2026

Overview

Regulation 4 of the Accounts and Audit Regulations 2003 requires Councils to review annually the effectiveness of their **systems of internal control** and publish a statement on such systems (**annual governance statement**).

Regulation 6 of the Accounts and Audit (Amendment)(England) Regulations 2006 requires Councils to review the effectiveness of their **systems of internal audit** once a year, and for the findings to be considered by full Council or a committee (Regulation 4).

Governance and Accountability for Local Councils – A Practitioners Guide 2008 (England) is statutory guidance (available from SLCC and NALC).

SCOPE OF RESPONSIBILITY

Starston Parish Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.

In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council's functions and which includes arrangements for the management of risk.

THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
